Thanks, Kim! I included it as slide #24. Former slide #3 now replaces my previous ISR photo slide in the UIC section as slide #9.

I think the slide will be helpful, but if it's too time consuming, then bullet/talking points are fine.

Thanks Mike for providing the slide/talking points. I am good with going either way (adding the slide to the presentation or just using the talking points in the slide without including slide in presentation). What do you all think?
Thanks!

Hi Valois –
Sorry to be late with this. Here is an idea for an NHPA slide. It would also be fine just to use this as notes for speaking during the meeting. Hope it goes well tomorrow.

Here is the latest version. It is not too late to suggest changes. I will take my laptop with me so changes can be made tomorrow morning, too. My cell phone # is [REDACTED] That would be preferable to using email at the airport.
Thanks for your input in getting this put together!
